Childhood.
Human
Potential.

RECENT EMPIRICAL FINDINGS ON THE PRINCIPLES AND RESULTS OF STEINER-WALDORF EDUCATION

TUESDAY 23 JUNE

7PM (UK TIME)

ONLINE PRESENTATION

Recording available on request

Sebastian Suggate

PROFESSOR OF EDUCATION
UNIVERSITY OF REGENSBURG

Sebastian is a professor in education whose research explores motor, academic and imaginative development, screen media and the impact of movement in education.

IN THIS TALK, WE WILL EXPLORE:

- 🌿 The principles of Steiner-Waldorf education and their contemporary relevance
- 🌿 Recent research on imagination, creativity and cognitive development
- 🌿 The impact of movement, play and the arts on learning and wellbeing
- 🌿 Screen media and child development: what the evidence shows

SUITABLE FOR:

Parents, Teachers, Early Childhood Educators, Parent and Child Group Leaders, Home Childcare Professionals and Students.

FEE

- 👤 Waldorf UK members **£15**
- 👤 Non members **£20**
- 🐦 Early Bird (by June 10) **£12**
